TACHUS10

EMPOWERING ATHLETES, ELEVATING PERFORMANCE.

About Us

At Tachus Technology Private Limited, we understand that precision, reliability, and innovation are the cornerstones of shooting sports excellence. Our flagship product, the Tachus 10 Electronic Target System is designed for 10 Meter Air Rifle and Air Pistol Shooting Events (0.177 Calibre). Since its launch in 2019, it has been installed in 200+ shooting academies and ranges across India. It is suitable for personal home ranges, clubs, and academies. It is designed for durability and longevity and is backed by our unparalleled after-sales service and support.

Technical Specifications:

- **Warranty:** 2-year warranty (extendable).
- **Upgradability:** Option to upgrade for 50 Meter Rifle (0.22 Calibre).

Accurate

We use an advanced Acoustic Measurement method, capable of reading up to two decimal points. This ensures that every shot is recorded with the utmost precision, giving shooters valuable insights into their performance.

Versatile

System is suitable for both Air Rifle and Air Pistol (0.177 Calibre) using the same paper roll. It can also be upgraded for 50 Meter Small bore Rifle Events (0.22 Calibre)

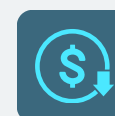

Intuitive Software Interface

It comes with a user-friendly, Windows OS-based software (Compatible with Windows 8, 10, and 11) that offers user friendly interface and built-in analytics to identify areas for improvement.

Durability, Maintenance and Warranty

The system is easy to setup and maintain. Comes with a two-year warranty (The warranty can be extended)

Cost Effective

System is affordable and it provides exceptional value for money, making it an attractive choice for individuals, clubs, and academies alike
